President

My love for the Parent Resource Center started five years ago when I took my then two-month-old daughter to Nicole Asselta's 'Mothers of Infants' class. As a brand new parent, I felt a little overwhelmed, a little isolated, and very tired. The support I received and the feeling of being part of a real community changed everything for me, and for that I will be forever grateful.

Since graduating from MOI, my daughter and I have kept busy with everything from toddler classes to open play to events and birthday parties. My favorite feature of the PRC, though, is that it is a parent co-op. I've made so many "forever friends" at the PRC by volunteering alongside them.

A new generation of parents are continuously making friends at the PRC and most importantly, learning they're not alone. The PRC community is here for you and we're always evolving. If you have thoughts or ideas regarding how we can improve or if you would like to get more involved, we would love to hear from you!

CLASS SPOTLIGHT: PAINT, PLAY AND PARTY

We know that in many cases our little ones have never been without their parent or caregiver, but as they grow up it's important for them to learn to separate. Paint, Play and Party offers the perfect opportunity to help children ease into separation.

This 75 minute class starts off with parents and caregivers in the room. Ms. Briana helps everyone have fun

by sharing stories, dancing to upbeat music, developing their creative side with unique crafts, and developing motor skills with puzzles and manipulative. For the last 20 minutes of class parents leave the room and the children are allowed to remain in the beautiful classroom that they've just had the last hour to familiarize themselves with. Ms. Briana and one of

our assistants help children explore the room on our slide, see-saw or play-kitchen or by playing with blocks, toys and books.

In addition to offering children the chance to learn to separate, the structure and routine in this class help prepare little ones for their future school experiences in a loving environment.

WONDERFUL WINTER

The PRC has started 2017 off with a bang! Not only did we bring back your old favorites, but we've offered more sections of them! We are so happy to be offering Play Preschool with Diana five days a week and a new section of Little Explorers with Leah! This is in addition to the twice a week Toddler Dance with Olga, Songs Say So Much with Jeff, and Paint, Play and Party with Briana that we had this past fall.

We've also brought back our Developmental Playgroups on Wednesday mornings. Each week children ages 12 - 18 months will work on mastering the latest developmental skills in a fun and nurturing environment. This is a great way for your little ones to be introduced to a structured class at the beginning of their PRC career!

Thanks to the instructors from Port Soccer Club we are offering a Little Kickers soccer program in the

Landmark gym every Wednesday - it's never too early to start to learn to

be active and the basics of a sport!

Ms. Briana and Ms. Jade have widened their reach by offering phenomenal art classes to our older students (ages 5-7) in Color Your World and Art Club by MUMBOT. Don't worry, they've got your younger ones covered too with another section of Art Club by MUMBOT and Alphabet Soup.

We also have Toddler Spanish to help our kids to develop their language skills and a variety of gym classes such as Run, Jump Kick with Andrea and

Tumbling Tots with Leah - a great way for kids to get out their energy, especially during these long winter months!

Our story time on Friday mornings is always a hit! Come hear a story and a song and stick around for some open play in our Land Room every Friday morning (don't forget you can sign up to be a reader too (check out our website to sign up)).

As always, we are offering Open Play in the afternoons Monday - Thursday and Lunch Bunch every day! Open Play offers you a great opportunity to get out of the house, play with new toys and make new friends! Lunch Bunch will give parents and caregivers a break to run errands, go to a doctor's appointment or grab a cup of coffee while you're kids play in a beautiful and safe place.

We're so happy to have you all here in this new year! We look forward to seeing you around our halls!

OUR STORY

Created by parents for parents and kids, the Parent Resource Center is a non profit organization run by a volunteer board of directors. It has been a staple of the Port Washington community for over 30 years. We pride ourselves on being a place where kids and parents alike can play, learn, grow and, make lifelong friendships!

PRESENT DAY

Today we have grown to over 400 members and operate as a modern day community center that provides a myriad of developmental classes, parenting workshops, social events, open play, and summer camp. We recently underwent a massive renovation including new classroom spaces and a parents' lounge where you can mingle with other parents in the community.

quality yet affordable programming. We strive to offer opportunities that work for every schedule, level of availability, and level of creativity. Some members like to volunteer at our events, helping to set up decorations or sell tickets and refreshments, or even donating the refreshments themselves.

Others prefer to fulfill their credits from home on their own time, with projects like making photocopies of flyers or creating photo-books and slideshows to help us promote.

Cooperative = Volunteering

The PRC operates as cooperative center which means it relies on members to work together to provide services to the whole membership. PRC Members are required to fulfill a minimum of 2 volunteer credits per year to help run our programs.

If you prefer not to volunteer, you can opt to pay an annual fee of \$75.00 at the time of registration in addition to your PRC membership and class fees. If at the end of the calendar year you have not fulfilled your volunteer requirement and did not pay in lieu of volunteering, you will be billed \$150.00.

Opportunities are posted regularly at <http://tinyurl.com/prcvolunteer>. You can also check out our project-based needs at <http://tinyurl.com/prcprojects>. If you're interested in a deeper level of commitment, consider joining one of our diverse committees or becoming a Board Member. FALL WRAPUP ANOTHER FANTASTIC FALL!

The PRC's Fall 2016 schedule was chock full of fun! We offered new classes and more sessions of old favorites! We were thrilled to offer a second day of Paint, Play and Party (our partial separation class) with Ms. Briana and we also got more little ones (and some grown ups!) on the move with an additional session of Toddler Dance with Ms. Olga.

As usual, our gym classes were a big hit this fall with lots of little feet running, jumping and having a great time! Our halls were filled with great music from our fabulous classes Songs Say So Much and Songbirds. It was such a thrill to look around the classrooms at the end of the day to see all the beautiful artwork drying that our little artists created!

In addition to our fantastic classes we had a spooktacular Halloween Party at the Landmark gym. It's always great to see familiar faces around the PRC, but we also love seeing new faces! So many showed up at our Preschool Fair and Mom's Night Out Events.

We also offered our first December Mini Session allowing parents and children to get a few extra weeks of their favorite classes squeezed in before the holiday break or to try out a new class before our winter session was in full swing.

We had such a great time with our families this fall and we hope you did too! Here's to a 2017 full of fun!

HOLIDAY MOVIE EVENT : RUDOLPH THE RED-NOSED REINDEER

On Sunday, December 4, 2016 the PRC held it's first ever Holiday Movie Event! The event focused around a screening of the 1964 classic, Rudolph the Red-nosed Reindeer and was held at the Soundview movie theater here in town. With almost 300 people at this sold out event, the lobby was packed with people ready to take part in all the pre-movie fun.

Thanks to Jodi's Gifts, Two Palms Designs, Kidsccesories and Crazy Cakes Truck we had a fabulous holiday market for families to do some holiday shopping and pick up refreshments. Performers from Bach2Rock filled the air with holiday music and kids ran around with red foam noses in honor of the movie's star. Santa made an appearance and the holiday photo booth was busy with kids in their holiday pajamas filling every frame!

Rudolph the Red-nosed Reindeer was screened in two of the theaters and helped to get everyone in attendance - kids and grown-ups alike - in the holiday spirit. Just before the movie began kids from Danceworks NY, sporting their

reindeer antlers, kicked off the screening with a fabulous dance performance in the theater aisles.

Thanks so much to our sponsors Inform Fitness, Port Washington Mama, C Bella Photography and World Taekwondo Academy as well as our local PRC staff and volunteers for making this hugely successful event possible.

STEPPING STONES

Fall 2016 was incredible time for our Outreach program. Stepping Stones is bustling with both new and returning participants, and many scholarships were offered to other PRC classes for Outreach families.

This Fall, for the first time, the older children have successfully separated from their parents and caregivers. While the children socialize and learn in the classroom, the parents and caregivers are down the hall in the lounge also socializing and learning. The babies and toddlers are in a different classroom with their parents and caregivers doing activities together.

Each week, the children have free play and group activities in the gym and free play in the classroom, do crafts, participate in circle time, and enjoy a snack. Some highlights of the Fall semester were our trip to Martin Viette for pumpkin picking, our Halloween party which included a costume parade and trick or treating, our Thanksgiving

potluck “dinner”, caroling for the seniors citizens that live upstairs in the Landmark Building, and our annual Christmas party that included a visit from Santa Claus, Mrs. Claus and an elf as well as gifts for all.

The Winter semester is off to a great start. The children in both classrooms are used to the routines and are flourishing. We had a speaker visit the parents and

caregivers to discuss Early Intervention. Currently the parents of the older children are participating in an eight-week workshop on healthy eating. We are looking forward to a visit from Petland for the children to meet the animals in March or April.

DEVELOPMENTAL PLAYGROUPS

Whether your child is a few months old or a few years old you know how quickly the develop and grow. Sometimes it seems like they've learned new skills overnight!

Being able to help support and nurture your little ones as they explore and learn about their surroundings is fun and exciting for them and for you! We're thrilled to bring back our Developmental Playgroup: Rockin' Rollers to the PRC schedule. In this class children will sing songs and play with toys that help them learn, develop and master new skills relevant to their ages.

The class is taught by an experienced NY State Certified teacher, Diana Von Roeschlaub. Diana helps provide children with toys, tasks and activities that will keep their curious minds engaged and help them to master even the most newly discovered skill.

Whether you're new to the PRC or a graduate of our Mothers of Infants class this class will be a perfect place for your 12 - 18 month year old to test out their skills in a casual classroom setting.

What Members Are Saying About Us..

We started attending the PRC with the Mother's of Infants class which was amazingly helpful and still love all the classes and activities now that my son is 3.5 years old. It is a beacon and special place in the community. - Kathleen

The PRC is a place where the real woman who care about real things get involved. - Talia

Every month, the PRC plans so many wonderful, fun, well run, age appropriate events that both my kids and I enjoy and look forward to - Marisa

I love the community aspect of the PRC. Thinking about all the people who have had a hand in growing and developing it over the past 36 years is unique and humbling. - Trish

The PRC has introduced me to so many wonderful teachers, parents and friends for my daughter and I and I feel lucky to be a part of this community. - Joanna

The PRC helped me make connections in my community, provided a welcoming, safe space and allowed me to feel like I was working to make a difference in my town. - Nissa

Cohen Children's Medical Center is proud to support the Parent Resource Center. We share in a mutual mission to keep children safe and care for the children in our community. We look forward to future endeavors.
